PROFILE

Motivated and detail-oriented third-year student pursuing a Bachelor of Science in Computer Security and Forensics at the University of Greenwich. Passionate about cybersecurity and digital forensics, with a solid foundation in programming (Python and C#) and experience using industry-standard tools. Adept in problem-solving and analytical thinking, demonstrated through academic projects and volunteer work. Eager to apply my knowledge in a professional environment and contribute to protecting digital assets while continuing to develop my skills in a dynamic field.

WORK EXPERIENCE

Chef

White Hart Harvester

July 2022 – Present

- Prepared and cooked a variety of dishes in a busy restaurant environment, ensuring high standards of food quality and presentation.
- Collaborated with team members to maintain efficient kitchen operations and deliver excellent customer service.

Head Code Coach

JAM Coding

July 2025 – July 2026

- Deliver engaging coding lessons to classes of up to **30 children**, teaching programming concepts through structured and interactive sessions.
- Plan and lead lessons covering computational thinking and coding fundamentals for different age groups.
- Manage classroom behaviour while maintaining a positive and inclusive learning environment.
- Adapt teaching approaches to suit varying learning abilities.
- Encourage confidence, creativity, and interest in STEM subjects through hands-on learning.
- Demonstrate leadership and responsibility as lead instructor for multiple sessions.

RS Skips

June 2022

- Adapted quickly to a new online system for managing orders and inventory during a week-long work experience.
- Gained insights into operational processes and the importance of effective communication within a team.

Polling Station Worker

Local Elections — Various Dates

- Assisted during the Police and Crime Commissioner election and the General Election at a polling station.
- Supported voters throughout the electoral process and maintained smooth operations during high-traffic periods.
